
Hamara Dil Aapke Paas Hai 2 dual audio hindi 720p Hindi-English Dubbed by Vishukant.mp4 The drama is based on the real life story of Tulsidas, who was born in Varanasi, India in 1532 to a poor Brahmins family. Content with his simple lifestyle and without much to desire in his own way; Tulsidas formed strong emotions for God and wanted to live a pious life. He always had a passion for writing songs about Krishna so he decided one day he would write an entire work based upon Krishna's greatness. A few years later, Tulsidas finished his first work "Krishna Leela Tarangini" which is the story of Krishna's childhood. Which is considered to be one of the greatest works of literature ever written in India. Soon after this, Tulsidas began writing the second part of his story, which is more about Krishna's adulthood. This second work was called "Krishna Charitra Kirtan", it remains unfinished because Tulsidas stopped writing it mid-way due to some unknown reason. Some speculate he stopped due to his death but no one actually knows why he stopped writing it. This story is about how Lord Krishna left Mathura to settle in the city of Dwarka. He was well liked by everyone and his presence brought much joy and love to the residents of that region. It follows Krishna's life through many twists and turns including his marriage, the birth of his children and many other secrets. The drama is mainly based upon these two literary pieces and also takes some information from other related works such as "Vasudevcharitra". The show revolves around Krishna (Actor: Abhinav Shukla) who is a kshatriya prince. He is the son of Maharaja Yashoda and Ambalika, Krishna's uncle, Kansa plans to kill him and his family so to escape this, Krishna and his parents travel to Mathura. On the way to Mathura, Krishna meets Radha (Actor: Charu Asopa) and Laxman (Actor: Amit Sial) who join them in their journey. Radha is a simple cowherd girl who is in love with Krishna although he does not reciprocate her feelings at first. After the death of Balrama (who was considered to be Krishna's older brother although in reality they were cousins), Yashoda takes over as the queen of Dwarka. Yashoda faces many challenges whenever she goes out. She faces the hatred of Kansa, who wants to kill Krishna; the jealousy of Krishna's ministers (who always try to plot against Yashoda) and her husband's cruelty (he does not like the fact that his wife let go off Balrama due to his past sins). Meanwhile, Kansa, knowing that Krishna is coming to Mathura, sends his armies to kill him. He also sends his brother Duryaya, who is also a bad man. Duryaya tries many times but fails in his attempts. There are several twists in the plot as well where the main focus is on Krishna's love for Radha.
