Cherished Ngorongoro Tarangire And Serengeti Safari tour

Ngorongoro Crater– Located at the eastern edge of the Serengeti in northern Tanzania; it is the biggest unbroken ancient caldera in the world and known as Africa’s Garden of Eden. Ngorongoro Crater is a natural wonder, which is bestowed with steep walls and protected forests, grasslands, scrub bush and a large soda lake at its centre. Also, it is the home to thousands of wild game and fauna featuring lions, hyenas, wildebeest, zebras, and black rhinoceros, and varieties of small antelopes.

Tarangire–

It is one of the premium parks in Tanzania which is situated in the Rift Valley. You can witness stretched wooded savannas in every direction. An afternoon game drive in the park will accommodate you with some amazing views of elephants and big wild games such as lions, Buffalo, Zebra, and Giraffe. Mostly, Tarangire National Park is widely known for its elephants, baobab trees and tree climbing African pythons.

Serengeti National Park–

Positioned on a high plateau between the Ngorongoro highlands and the Kenyan border, Serengeti National Park is the most impressive wildlife reserve in Africa owing to its density of predators and prey. You will enjoy spending quality time in this exceptional remaining important wildlife sanctuary. In addition, you can witness two game drives one in the morning and the afternoon and perceive many wild games including wildebeest (Gnu), the big cats, and numerous big species including ostriches.

On the flip side, you will experience magnificent sights such as starving predators hunting for their next meal, a vantage point in a hot air balloon, etc. You will obtain a memorable experience at the end of the day.
