

# What's in store for Aquarius sign in 2023?

Aquarius, the most social, contended, and creative sign, is set to put its best foot forward in 2023. What does the [Aquarius Horoscope 2023](#) say? Aquarius natives will get the details related to all aspects of life in this piece of writing. So, let's explore-

## How will be the start of 2023 for Aquarius natives?

In Astrology, we refer to Aquarius varshphal/[Aquarius Yearly Horoscope](#) to know the overall status of the whole year. Here, for Aquarius natives, we are analyzing the placements of the important planets at the beginning of the year. First, Saturn, the lord of the zodiac, is the most important planet of the Aquarius sign. The placement of the Lagna lord in the birth chart decides the overall results in a native's life.

Saturn will transit into the ascendant/first house in January only. This is excellent news for the Aquarius natives. Lagna lord in Lagna will give good results related to some aspects while the natives have to settle for less in others. Saturn will influence the tenth house of the career, indicating changes or transfers in jobs or professions. Whatever decision you make about your career, be sure to look for the auspiciousness

of the time. An astrological consultation will help you know the good and bad periods. There are chances of starting a partnership business or dissolving the older partnership based on your natal placements in the birth chart/kundli.

Jupiter in the second house is strengthening the house of wealth in the year's first trimester. **Rahu in the 3rd house** is increasing the courage of the natives. And **Mars in the fourth house** indicates prosperity through land and property. Venus will be in the 12th house, where it gets strong but also gives excessive expenditure. Sun will be in the 11th for a short time and will get into the 12th house soon. Mercury will also bring mixed results with its placement in the 12th house.

To find the [Aquarius Monthly Horoscope 2023](#), the astrologers take references from the transit of the planets like the Sun, Mercury, Mars, and Venus. The Moon is essential to find the daily fate of the natives.

### **General health and personality**

Saturn in the ascendant will induce determination, discipline, hard work, and focus in your attitude. But at the same time, it will make you slow in speed. You will long for perfection and don't mind spending extra hours to achieve the desired goal. You should stop negative thinking and keep working hard this year. [Health Horoscope](#) suggests health issues related to skin, teeth, glands, eyes, private parts, etc. Take care of your eating habit and maintain a regular exercise regime.

### **Career Horoscope for Aquarius**

The lord of the [tenth house](#) for Aquarius natives is Mars, which will be placed in the fourth house at the beginning of the year. Mars will cast an aspect on its own house, making it prosper. However, seniors may not be satisfied with your work, but with increased labor and enthusiasm, you will achieve the desired goals. One thing to remember here is that both Saturn and Mars aspect your tenth house, which will create a situation of arguments at the workplace. Control your arrogance and anger to maintain healthy relations at work. It would be best if you worked harder than before to get good results. [Career Horoscope](#) predicts mixed results for the natives. Only hardworking guys will prosper in 2023.

### **2023 Love-life for Aquarius**

If we talk about [Aquarius Love Horoscope](#), it doesn't feel good. Saturn in the ascendant will create roughness and boredom in your attitude. No lover appreciates these qualities. Mars coming into the fifth house in March will develop bitterness in your love relations. So, with most of the malefic influence at the 5th house, you need to maintain sweetness in your attitude to avoid clashes with your love partner. Married couples may have a tough fight at the beginning of the year with a joint influence of

Saturn and Mars. You will have to wait longer to find a suitable match. Only after April will harmony prevail in love and marital relations.

### Finance and wealth for Aquarius

Jupiter is the lord of wealth and finance for Aquarius natives. Jupiter rules both houses of gains, i.e., the 2nd and 11th houses. In the first three months of 2023, Jupiter will be there in its own sign in the second house, which is excellent for wealth. Moreover, the 11th lord in the 2nd house forms dhan yoga for Aquarius natives. So, the [Finance horoscope for 2023](#) predicts an excellent financial year. Even after the transit of Jupiter in April, it will stay in the 3rd house of courage and travels. The 3rd house is 2nd from 2nd, as per the "bhavat-bhavam" rule; this position of the 2nd lord makes the native extremely wealthy. Jupiter will cast its aspect on the ninth house of fortune. Thus, Jupiter will support your luck and wealth throughout the year. But here, Jupiter in 3rd indicates putting courage and hard work into your work to get brilliant results in 2023.
