

# When Does Gemini Season Start 2023?

Gemini is the third zodiac sign and has been feeling miserable for the last 2.5 years! Reason – Saturn's Dhaiyya.

The Gemini natives felt obstructions and failures in their projects due to Saturn dhaiyya over their Moon sign. Now, [Gemini horoscope 2023](#) is here with great news in hand! The Saturn dhaiyya for the Gemini natives will finally be over in January 2023. Saturn will transit into Aquarius on 17-18 January 2023. Till now, Saturn was transiting through the eighth house of the Gemini natives. The dhaiyya is a troublesome period that brings misfortunes and failures. The eighth house is a house of sudden events, losses, accidents, and undesired events in life. Saturn was making the lives of Gemini natives problematic with its presence here. But now, Saturn will bring relief to the natives with its transit in their ninth house in Aquarius. The natives will experience the betterment of luck and many opportunities. Saturn will strengthen your luck, and you will succeed in all your endeavors.

[Gemini Yearly Horoscope](#) for 2023 predicts fortunes, prosperity, health, and wealth for its natives. Saturn is Gemini's lord of the ninth house, and its transit in its own house will significantly strengthen their luck. There will be religious inclinations, long travels, higher studies, respect for fathers and teachers, learning new skills, etc., in 2023. Apart from Saturn, Jupiter will also help to gain wealth and recognition with its presence in the eleventh house. So, guys, the difficult time is over, and the good time is finally here!

### **Gemini Love Horoscope 2023**

The **Gemini Love Horoscope 2023** predicts a fruitful year for the love life of the natives. Initially, Rahu-Ketu will be disturbing your love relations in the year 2023. But Jupiter will transit into the eleventh house on 22 April, where it will control the ill effects of Rahu. Jupiter will aspect the fifth house of romance from here. So, you may expect extraordinary love life after April 2023. This is the year when you can also tie the knot with your love partner. Your love will grow manifolds, and there are chances of marrying your love partner. Those studying will also get excellent results. Your creativity and intelligence will increase.

### **Gemini Career Horoscope 2023**

Saturn will get into the house of fortune in January 2023. [Career horoscope 2023](#) predicts growth and prosperity in business and career. Saturn, in its sign, will bring support of luck. Jupiter is already in the tenth house of a career which is a good position. Jupiter will transit into the house of gains in April. After that, there becomes a possibility to earn through your business. The eleventh house is the house of fulfillment of desires, and with Jupiter in the 11th house, all your wishes will come true. According to the [horoscope prediction](#), the time is supportive for promotion and salary hikes. There can be a transfer in the job, but it will be for a good reason. The second and third quarter will be exceptionally good for your career.

### **Gemini Health Horoscope 2023**

**Gemini health horoscope 2023** doesn't seem good. In the beginning, Saturn in the 8th house will give health issues. Ketu in the fifth house will cause stomach problems. Mars in retrograde motion in the twelfth house is risky for health. You need to spend more on medical bills. You are suggested to have good eating habits during the year 2023. Mainly Rahu-Ketu can cause stomach diseases. The Sun in the seventh house can cause your immunity to becoming weak. The Sun is a karaka of immunity, and in the seventh house, it is considered debilitated as per [Kaalpurush kundli](#). So, weak Sun will cause health and eyes problem here. Gemini Horoscope 2023 predicts that after April, when Jupiter will stay in the 11th house and Saturn will be in the ninth house, health will be good. Rahu and Ketu in the 4-10 axis on 30 October 2023 may give seasonal infection.
