## Know How to Recycle Your Old Printer Cartridges in 2 Easy Steps

If you're like most people, you probably have a ton of old printer cartridges floating around your house. And if you're like most people, they're not doing anything other than taking up space in your closet.

But instead of letting them sit there until they become obsolete, and you have to throw them away, why not turn them into a little bit of extra cash?

It's easy to forget about recycling old printer cartridges, but it's a step you don't want to overlook. You may be surprised at how much of an impact just one cartridge can have on the environment.

In fact, according to the Environmental Protection Agency (EPA), when improperly disposed of, ink cartridges can contaminate soil and water supplies with toxic chemicals such as lead, mercury, arsenic and chromium VI. These substances can build up in our bodies over time, leading to serious health issues like cancer or damage to our nervous system.

**That's why we encourage you to recycle your old printer cartridges in 2 easy steps:**

### **Deliver Them to Your Neighbourhood Office Supply Business**
