Very warm and inviting environment. You already start feeling relaxed when you walk in. The staff is very friendly and helpful. The massage therapist has magic hands. I've had several massages in the past, however this place managed to exceed all my expectations. Highly recommend this place!

I've had great massages but this was one of the best places I've been. My deep tissue massage was exactly what I needed! My therapist was very knowledgeable, cared about my neck issues and I left feeling like a million bucks! Great atmosphere and service.

All the staff was very friendly. Clinic is clean and staff is organized. My deep tissue massage with Iluminada was very good. She took the time to use different techniques and tools to help me.
