

CAR PARKING SHADES SUPPLIER IN UAE

ABOUT US

In Sharjah, United Arab Emirates, Gulf Fab Shade Engineering LLC is a well-known and skilled structural designer and fabricator building company. The design, supply, fabrication, and installation of shade structures are the main services we offer. Our team of exceptionally talented and committed engineers is what sets us apart as experts in the execution of steel work for fabric shading structures and roof elements. Our team consists of highly skilled individuals who can handle any project involving steel, tensile, canopy, and parking shade structures. Our engineering design department is supported by the most advanced sophisticated Computer Aided System, and our fabrication and erection department completes projects in accordance with the industrial QA/QC standard.
