Our Process

Home Design & More

1. Consultation: Our process begins with a detailed consultation to understand your requirements, preferences, and budget. We listen to your ideas and provide expert advice to help you make informed decisions.

2. Design: Based on the consultation, our designers create a 3D model of your kitchen. This allows you to visualize the final product and make any necessary adjustments before we begin the installation.

3. Manufacturing: Once the design is finalized, we move on to the manufacturing phase. Inside Styles uses advanced machinery and techniques to ensure precision and quality in every component.

4. Installation: Our professional team installs the modular kitchen with meticulous attention to detail, ensuring that everything fits perfectly and functions smoothly.
