Caring for Your Songmont Suede Bag

Maintaining the beauty of your Songmont suede bag requires a bit of attention, but the results are well worth the effort. First and foremost, avoid exposing your suede bag to water, as moisture can cause stains and damage. If your bag does get wet, gently blot it with a clean cloth and allow it to air dry away from direct heat sources.

For regular cleaning, it's best to use a soft brush or a suede eraser to remove dirt and scuffs. Gently brush the surface to lift the nap of the suede, restoring its original texture. If you encounter a stubborn stain, consider using a specialized suede cleaner, but always test it on a small, inconspicuous area first to avoid any discoloration.

When it comes to storage, keep your Songmont suede bag in a dust bag or a breathable cotton pouch to protect it from dust and scratches. Avoid hanging it by the straps, as this can cause deformation over time. Instead, store it in an upright position in your closet or on a shelf. Additionally, consider using a suede protector spray to help repel water and stains, extending the life of your beloved bag.
