

Efacto

eFacto is a cutting-edge cloud-based ERP software by BNG Infotech Private Limited, purpose-built for retail, distribution, and manufacturing businesses. It seamlessly unifies operations—inventory, sales, accounting, POS, loyalty management, and more—in a single, robust SaaS platform. Trusted by thousands of users across sectors like fashion, beauty, gifts & décor, and grocery, eFacto offers intuitive tools to simplify compliance, streamline workflows, and speed up decision-making. With flexible pricing, full third-party integration, and strong support, eFacto empowers both small enterprises and larger companies to realize efficiency, control, and growth—all through technology.
